A Message from our President

First and foremost, welcome to the Pacific Okinawa Players presentation of *Disney's Cinderella Kids*. This is our first children's production in what is proving to be another fantastic theatrical season. This is the classic tale of a young lady who is endlessly mistreated by her wicked stepmother and stepsisters, and denied the chance to go to the Royal Ball. With a little help from her mice friends and a lot of help from her Fairy Godmother, Cinderella goes to the ball, meets the prince, and falls in love.

Live theater is a wonderful experience that can be shared on such a personal level amongst cast, crew, and audience. This is where talented actors, directors, technical staff and their families have devoted countless hours by volunteering their time and skill to entertain you. As a theatergoer, you play a vital role in this and every production, providing the energy and encouragement for the performers. Without you, there could be no theater, no opera, no dance, or concerts. Your patronage not only supports this show, but also the graduating seniors on Okinawa who wish to pursue the performing arts in college through the Ed Kirstein Scholarship Fund awarded to deserving seniors.

So please come and join POPs, and be a part of our next production. We are always interested in new talent as performers and behind the scenes, as technicians. Once again thank you so much for your support. Please sit back and enjoy the show.

Director's Message

Greetings and welcome to Disney's Cinderella Kids,

I have always loved Disney movies and the animated musicals were my favorites. What's not to like: a beautiful heroine who triumphs over impossible odds; fantastic supportive friends, especially the animals; and true love. All of that and the great music that accompanied the story lines, never over shadowing the story, but moving along with it. Is it no wonder that the Disney animated films have stayed favorites among children of all ages?

I hope that our version of Disney's Cinderella will give you the same feelings of joy and fun that I had when watching the film. The cast has worked hard learning the songs, memorizing lines and dancing throughout the show. The entire production staff is very proud of our young performers.

So, please, sit back, snuggle with your favorite prince or princess and enjoy the show.
